

IMPORTANT NOTICE

NEW CONTINUING EDUCATION REQUIREMENTS

EFFECTIVE JANUARY 1, 2023

CHANGES TO LICENSE RENEWAL REQUIREMENTS FROM THE DRE:

Licensees with a renewal date of January 1, 2023, or later are required to take an **Implicit Bias** course and an **Interactive Fair Housing** course as part of their 45 hours of CE. Total required 45 hours of CE remains the same. The Packages on this page include the classes mentioned above as of 10/3/22.

Renewal Guidelines – The DRE has communicated the guidelines below to all California CE course providers:

- **Licensees with a renewal date of 1/1/23 or later** - Must submit CE coursework that includes the interactive Fair Housing and Implicit Bias coursework. If the licensee has completed their 45 hours already with the former package and old coursework, they will be required to take these two courses also.
- **Licensees with a renewal date prior to 1/1/23** - May submit the new coursework in Implicit Bias and the Interactive Fair Housing for credit and it will be accepted even though these courses are not required prior to 1/1/23
- **OR** - May submit the previous coursework PRIOR to 1/1/23 even though it does not include the two new courses.
- **Licensees with a renewal date prior to 1/1/23 that submit renewal information after 1/1/23 – LATE RENEWALS** - These agents will be required to submit the new coursework in Implicit Bias and the Interactive Fair Housing Course.

Have you completed a previous renewal package and now need to complete Implicit Bias and Interactive Fair Housing?

SUBMIT THIS FORM

- Users should review the California Continuing Education Help Page before starting classes.
- Users will have access to the courses for up to 12 months after registering for a course package.
- Each package is designed so that all classes included must be completed to meet DRE requirements.
- Students may not study course materials for more than 8 hours per day. Your final exam will be locked until it has been determined (automatically) that you have been allowed the necessary study time.
- You can take the courses within these packages up to 4 years before your license expiration date. However, you cannot upload your renewal information to the DRE until 90 days prior to your expiration date.
- Students may not take more than 15 hours of final exam credits in one day. This means that you may not study for all of the courses and then cram 45 credit hours of testing into one day. However, students are free to either study and test over each course at a time, or they may study all the courses and take the tests afterward over the course of several days.

For more information about renewal requirements, please visit DRE License Resources.
